FAQ

1. How much does a display cost?

Once we have your individual requirements, our design team get working on a solution for you and we will get you a price straight away.

We manufacture every single display to customer specifications.

In fact, every display in this brochure was designed by Loredo as a unique solution for our customers.

2. Do you manufacture prototype/samples?

Yes, we design, engineer and manufacture one off samples and prototypes.

We have over 55 years of jigs and tooling archives.

3. Do you deliver?

Yes, we deliver nationally in Ireland, the UK and throughout the EU.

4. How long does it take?

Measure twice and cut once is our mantra so we like to make sure we get the jigs and tooling right on the first unit. After that our usual leadtimes are two to three weeks from date of order.

5. Can we visit your premises

Yes, we love visitors
